

# Alignment to the National Curriculum

The below tables outlines where the statutory content from the National Curriculum is first taught across KS1 or KS2. The curriculum has been sequenced so that much of the content is reviewed in subsequent units. Pupils are taught disciplinary knowledge, including change, cause, similarity and difference and significance, throughout each unit. Careful attention has been paid to the mathematics Programmes of Study, as well as the content of the science and geography curriculum to ensure that pupils build on knowledge where appropriate.
